

2018 Chapter Membership Application

A Message from Chapter President Tim Daust

We welcome your membership application! Most people use our [Online Application](#), but if you are unable to access that, please complete the information below. Thank you for joining us!

For 60 years, the Northern California and Western Nevada Chapter has been where ACI International meets the local concrete construction market. Our Chapter stages ACI Certification classes, monthly dinner meetings with industry speakers, a golf tournament, and a Construction Awards competition. Our Chapter newsletters contain job resources, event descriptions, technical and project reports. My own participation with ACI International and our local Chapter has helped me to be a better representative of my industry and opened personal and professional doors for me. You can have the same experience. **Please join us!**
